Sounds good, Heather. Should Katherine and I plan to call you and Rob at the NARF office?

Hi Heather-

Sorry for the delayed response—just getting back from a long weekend climbing in the Cascades.

Rob mentioned in a phone message that tomorrow (Thursday) early to mid-afternoon would work. I spoke with Katherine and it sounds like 11:00 or 1:00 PDT would work well for the two of us. If either of these times work please let us know and we will put in on our calendars. Thanks.

Hi Jamie, do you have time next week for a call? I would like to check in and get an update on the site specific criteria status and where things are at. I am trying to figure out what our needs are in terms of experts and trying to stay ahead of the curve. The situation with Ann Mast and Stratus Consulting was unfortunate and resulted in a waste of financial resources as well as an opportunity to weigh in on the first round. Since the site specific criteria issue is obviously a big one for EPA, I would like the benefit of your thinking on how the Tribe can best contribute. Can you let me know what your availability for a teleconference next week is? Thanks much, and have a good week-end. Heather
